## EGYPT

CAIRO – ALEXANDRIA – MEMPHIS – LUXOR – EDFU  
KOM OMBO – ASWAN – PHILAE – ABU SIMBEL

January 20 – February 4, 2020 (16 days)

Day 1 Monday, January 20

### CANADA – CAIRO

We depart Canada for Egypt.

Day 2 Tuesday, January 21

### ARRIVE IN CAIRO

We are greeted upon arrival at Cairo Airport, transfer to our hotel and relax over dinner. (D)

Day 3 Wednesday, January 22

### CAIRO – EL ALAMEIN – ALEXANDRIA

We set off north through the desert towards the Mediterranean Sea and visit **El Alamein Cemetery**. The countryside offers some rare sights and the proximity of the Sahara, the world's largest hot desert which spans the top of the entire continent, is ever present. Keep an eye out for the surprising deep rose-tinted salt pans as you near Alexandria.

#### EL ALAMEIN

The scraggy site of El Alamein holds a fascinating place in modern world history. It was across this parched desert that the Allies first decisive victory in World War II's North Africa campaign was won. The bloody battles that took place here in October 1942 killed or wounded more than 80,000 soldiers from countries as varied as Australia, New Zealand, India, and Great Britain (Allies) as well as Germany and Italy (Axis Forces). Today, the war memorials that stand are a poignant reminder of the 13 day battle which claimed so many lives.

In the afternoon we proceed to Alexandria, check in and have dinner. (B,D)

Day 4 Thursday, January 23

### ALEXANDRIA

The city founded by Alexander the Great is the country's largest port, famous for its rich Greco-Roman heritage, and its legendary history as the capital during the time of Cleopatra. Today we'll explore some of its notable sites.

#### THE CATACOMBS OF KOM EL-SHUAQQQA

Hewn from the rock on southern slopes of a hill in the Carmous district, that Catacombs date from the are exemplary of the Egyptian and Greco-Roman styles so characteristic of ancient Alexandria.

### POMPEY'S PILLAR

In the southwest portion of the city, called Carmous, is a hill littered with the remains of ancient walls, architectural fragments, and rubble. Pompey's Pillar rises from the ruins of the ancient and famous Serapeion (Temple of Serapis), which was once used to store the overflow of manuscripts from the Great Library of Alexandria. This column of red Aswan granite with a Corinthian capital, reaching 27m overall upon a badly damaged substructure, is the only monument from ancient Alexandria still standing. It owes no debt to Pompey however and was raised in AD 292 in honor of Diocletian, who supplied food for the starving population after the siege of the city.

### FORT QAITBEY

Walk the long seaside Corniche road heading West, and you'll finally arrive at Fort Qaitbey. Built in 1480 by Mamluk Sultan Qaitbey to defend the port, the new building employed blocks from the ancient Pharos which had existed on the site. One of the Seven Wonders of the Ancient World, the 300-cubit tall Pharos suffered damage from a major earthquake in 1303, and fully collapsed in 1375. The surrounding waters are now an underwater archaeological park.

We return to our hotel in the afternoon and tonight dine out at a local restaurant. (B,D)

Day 5 Friday, January 24

### ALEXANDRIA

#### BIBLIOTHECA ALEXANDRINA

A reimagining of Alexandria's ancient Great Library, this striking cultural center contains one of the modern world's most ambitious libraries. Its design, that of a giant sun disk inscribed with glyphs, presides over the waterfront Corniche.

Nobody thought much of the ancient rubble mound in central Alexandria until, in 1947, they decided to clear the site to make way for new housing. Instead, the area known as **Kom el-Dikka** ("Mound of Rubble") revealed a swath of ancient ruins including a small Roman theatre.

Enjoy some time at leisure this afternoon to enjoy the city, sea or the local market. Dinner will be at the hotel. (B,D)

**Day 6** **Saturday, January 25**

### ALEXANDRIA – CAIRO

We drive to Cairo and upon arrival lunch at a local restaurant. Then we head to the **Giza** plateau, home to the iconic Pyramids and Sphinx.

#### THE GREAT PYRAMIDS OF GIZA

The only one of the Seven Wonders of the Ancient World still standing, they are among the world's most incredible achievements, greatest tourist attractions and dozens of centuries after their construction they still inspire visitors with awe and capture the imagination worldwide.

Then return to the hotel and have dinner. (B,L,D)

**Day 7** **Sunday, January 26**

### CAIRO

We have a full day to explore this complex and somewhat overwhelming city together. We'll proceed from the ancient beginnings at the Egyptian Museum, to the Mohamed Ali Mosque and the Citadel of Salah El-Din which fortified the city against Crusaders in the Middle Ages, to the oldest 'mall' of Cairo, the Khan El-Khalili Bazaar established in the 14<sup>th</sup> century as a caravanserai. Experience the many faces and epochs of Cairo today and reflect on the vast history and cultural shifts woven into this modern tapestry as we explore the region further.

#### EGYPTIAN MUSEUM OF ANTIQUITIES:

Our Egyptologist will escort us on a fascinating tour of 7,000 years of Egyptian history with a visit to this magnificent collection. The Museum exhibits over 120,000 objects in its 107 halls, comprising the world's greatest collection of Ancient Egyptian artifacts. Two grand halls containing countless artifacts and one room reserved for the golden treasures from the tomb of the young king Tutankhamun are a particular draw and delight to visitors. More than 2 million people flock to this incomparable site each year.

Our next stop spans the Middle Ages to the Ottoman Empire (late 12<sup>th</sup> century to early 19<sup>th</sup>).

#### THE CITADEL & MOHAMED ALI MOSQUE

The imposing medieval fortress perched on a hill commanding views over Cairo was founded by Salah El-Din in 1176 to fortify the city against the Crusaders. The Citadel was modified and enlarged over the centuries by subsequent rulers and today is a complex housing four museums and three mosques. Crowning the Citadel is the elegant Mohamed Ali Mosque, the largest to be built in the first half of the 19<sup>th</sup> century. The mosque was built in memory of Tusun Pasha, Muhammad Ali's oldest son, who died in 1816.

We'll have lunch at a local restaurant and then explore the fascinating Khan El-Khalili Bazaar, where bargaining for exotic treasures has been the custom for almost 700 years.

#### KHAN EL-KHALILI BAZAAR

Originally founded as a watering stop for trade caravans in the 14<sup>th</sup> century, the bazaar has now grown to vast proportions and is reputed to be the largest bazaar in the Middle East. As you wander through the labyrinth of narrow streets you will find workshops and stalls selling all manner of things from woodwork, glassware and leather goods to perfumes, fabrics and Pharaonic curiosities. Remember to bargain hard!

We return to the hotel and then head out for dinner to a local restaurant. (B,L,D)

**Day 8** **Monday, January 27**

### CAIRO – LUXOR

Now that you've experienced the ancient Pyramids, we'll travel even further back in time as we visit **Sakkara** and **Memphis**. We'll see the vast **necropolis of Sakkara** and the famous **Step Pyramid of King Zoser**, the first freestanding stone structure in the world. As the sun faded in the West, the cities of the dead were sited on the West bank of the Nile, so this necropolis forms the middle part of a loose spine of pyramids stretched between Cairo and Mazghuna.

The ancient capital of **Memphis** was a flourishing metropolis during the time of the Pharaohs. The ancient site is thickly surrounded by lush palm groves and bushes, isolating the old city from the modern. Highlights here include the statue of Ptah, the patron god of Memphis, the massive colossal statue of Ramses II, and an exquisitely carved Alabaster Sphinx.

In the early afternoon we head to the airport for the flight to Luxor. Upon arrival, we will board our beautiful ship, the **H/S NILE VISION** or a comparable vessel. (B,D)

**Day 9** **Tuesday, January 28**

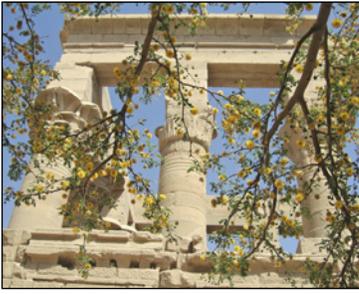

### NILE CRUISE – LUXOR – EDFU

This morning we visit the Valley of the Kings, which extends into a loop of land formed by an ancient oxbow of the Nile.

#### THE VALLEY OF THE KINGS

We visit Luxor's West Bank to explore the Valley of the Kings, a vast City of the Dead where magnificent tombs were carved into the rocky desert ridges. For generations these tombs were ingeniously designed and hidden, richly decorated and filled with all the treasures and necessities a soul might need in the afterlife. They have provided rich ground for generations of treasure hunters and collectors, but also provided much of what we know about the way of life in ancient Egypt, and in the process fired the imagination of all, from children to Emperors.

We'll make brief stops for photos at the Temple of Hatshepsut and the Colossi of Memnon.

### TEMPLE OF QUEEN HATSHEPSUT & THE COLOSSI OF MEMNON

Emerging from the desert plain in a series of terraces, the Temple of Queen Hatshepsut (Ancient Egypt's only female Pharaoh) merges with the sheer limestone cliffs that surround it, as if Nature herself had built this extraordinary monument. En route back to the Nile we'll pass the famed Colossi of Memnon, known for their haunting dawn lament in the time of the Ancient Greeks.

Returning to the ship for lunch, this afternoon we enjoy cruising towards Edfu, where we dock for the night. (B,L,D)

**Day 10** **Wednesday, January 29**

### EDFU – KOM OMBO – ASWAN

#### EDFU TEMPLE

Our morning starts with a ride in a caleche, a traditional horse-drawn carriage. A short ride delivers us to the largest and most completely preserved Pharaonic temple in Egypt. This extraordinary temple dedicated to the God Horus was built in the Ptolemaic period.

We then return to the ship and sail past Kom Ombo to Aswan, where we dock for the night. Sit back and enjoy the amenities as we cruise along a river that has been the wellspring to one of the world's most ancient and ambitious civilizations. Its banks bear the legacies of kingdoms; remarkable cultural and scientific achievements inspiring generations of archaeologists, writers, artists and adventurers. We are traversing the same waters as Alexander the Great, Cleopatra, Joseph, Moses, Napoleon and countless other figures of history and legend. (B,L,D)

**Day 11** **Thursday, January 30**

### ASWAN

We spend the day immersed in the rich culture and sights of Aswan. We'll visit the **Aswan High Dam**, Egypt's contemporary example of monumental engineering. Then we take a quick **motor launch** ride to visit the romantic **Philae Temple**, a gem on the Island of Agilka. After lunch on board we'll board **feluccas** (traditional sailboats) for an afternoon tour around **Elephantine Island**. We return to our ship for dinner. (B,L,D)

**Day 12** **Friday, January 31**

### ASWAN-ABUSIMBEL-KOMOMBO-EDFU

We'll have an early morning departure to visit this magnificent site further south.

#### NOTE

Nile Cruise program may be subject to changes due to navigation and security restrictions, sailing conditions. Overnight stays in cities could be altered.

### ABU SIMBEL

Both temples of Ramses II at Abu Simbel are fronted by colossal statues up to 20 m high and are regarded as the most impressive Ancient Egyptian monuments remaining. When threatened by the waters of Lake Nasser due to the planned Aswan High Dam, UNESCO launched a campaign to preserve the monument. The temples were cut into blocks, raised and reassembled in sections to a new site higher up the hillside.

Return to the ship for lunch and then cruise towards our afternoon destination, Kom Ombo.

### THE TEMPLE OF KOM OMBO

Dedicated to the crocodile god Sobek, the temple features some beautifully preserved murals and reliefs, some still showing color after dozens of centuries of exposure. The complex is sited at a bend in the Nile where in ancient times sacred crocodiles basked in the sun on the riverbank.

We sail to Edfu at the end of the day. (B,L,D)

**Day 13** **Saturday, February 1**

### EDFU – LUXOR

Enjoy a leisurely day of cruising on the historic Nile River, through the Esna lock. The scenery fascinates, from lush vegetation near the shore, to red gold sand dunes and brilliant sky. (B,L,D)

**Day 14** **Sunday, February 2**

### LUXOR

Ancient Waset, **Thebes** in ancient Greek and Luxor today, was the capital for much of the Middle (2040 to 1750 BC) and New Kingdom (1570-1069 BC). We devote the day to the city's incredible archeological legacy. (B,L,D)

### LUXOR & KARNAK TEMPLES

Our Egyptologist will guide our exploration of Luxor's East Bank, starting with the elegant Temple of Luxor dedicated to the god Amun. We then proceed to the tremendous Temple of Karnak, built over more than a thousand years by generations of Pharaohs. The incredible Hypostyle Hall is a towering forest of 134 massive inscribed columns, covering an area greater than all of Notre Dame Cathedral.

**Day 15** **Monday, February 3**

### LUXOR – CAIRO

After breakfast we leave the cruise ship and travel to the airport for the flight to Cairo, where we all transfer to our hotel, enjoy some time at leisure and dine at the hotel. (B,D)

**Day 16** **Tuesday, February 4**

### CAIRO – CANADA or JORDAN EXTENSION

After breakfast we depart for the airport and fly either home or on to Jordan. (B)

OPTIONAL EXTENSION

**JORDAN**

MADABA – NEBO – PETRA – WADI RUM  
DEAD SEA – JERASH – AMMAN

February 4 – 9, 2020 (6 days)

**Day 16 Tuesday, February 4**

**CAIRO – AMMAN – MADABA – NEBO – PETRA**

After clearing airport customs we drive to the Christian village of **Madaba** to see the ancient mosaic map of the Holy Land. Then on to **Mount Nebo** from which Moses viewed the Promised Land. We'll continue via the **King's Highway** to Petra for dinner and overnight. (B,D)

**Day 17 Wednesday, February 5**

**PETRA**

Petra is best approached walking from the Visitors Centre to the Treasury via the "Siq" (around 2 km.)

**PETRA**

The ancient city of Petra was built from 800 BC to 100 AD by Nabatean Arabs. In this era Petra was a fortress, carved out of craggy rocks in a virtually inaccessible area. In the first and second century, after the Romans took over, the city reached the peak of its fame. Petra covers an area of about 100 square km, comprising over 800 monuments. As shipping slowly displaced caravan routes, the city's importance gradually dwindled; it fell into disuse and was lost to the world until 1812, when it was re-discovered by the Swiss explorer Johann Ludwig Burckhardt. Today Petra is Jordan's number one tourist attraction, known as the "rose-red city half as old as time". The Khazneh (the Treasury), starred in Indiana Jones and the Last Crusade.

We walk out and then return to our hotel. (B,D)

**Day 18 Thursday, February 6**

**PETRA – WADI RUM – DEAD SEA**

This morning we will visit Wadi Rum, also known as the Valley of the Moon. We'll explore the surreal, vast landscape of **Wadi Rum by Jeep**. We'll see the rose-tinted mountains and spectacular desert vistas where T.E. Lawrence (Lawrence of Arabia) lived with his Bedouin friends and allies during World War I. The Wadi is still home to a number of Bedouin families, and the camps can be seen. We'll proceed at last to the remarkable Dead Sea for the night. (B,D)

**Day 19 Friday, February 7**

**DEAD SEA**

Take advantage of the high salinity of the Dead Sea to float and enjoy this unique place. (B,D)

**Day 20 Saturday, February 8**

**DEAD SEA – JERASH – AMMAN**

This morning we will visit the wonderfully

preserved Roman city of **Jerash**, known as the Pompeii of the East. There we'll see the Elliptical Forum, the street of columns, the Temple of Artemis and Roman theatres. Then we drive to **Amman** for a **City Tour**. Occupied since Neolithic times, the capital is considered amongst the world's oldest continuously inhabited places. It became a vital stop on the King's Highway, the ancient trade route connecting Egypt with Mesopotamia, Syria and Anatolia. Serially conquered throughout its history, the city has incredible archeological potential. Ammonite, Assyrian, then Persian, the city was conquered by the Greeks in 331BC and renamed Philadelphia. 300 years later it fell to the Romans, then Byzantium, and a series of Islamic rulers followed. Rising 132 meters above the city centre we'll see the **Citadel** which features a Roman Temple of Hercules, Byzantine church, the Umayyad Palace and cistern, and 13<sup>th</sup>c Ayyubid watchtower. (B,D)
